**The whole human population will benefit from NESARA. Earth is a most abundant planet. There is more than enough gold-backed human money currently in existence on Earth for each and every human being to be a GBP millionaire without debts of any kind. GBP = Great Britain Pound. NESARA is about sharing the resources of the planet around fairly. And NESARA is about putting benevolent banking systems in place worldwide to deliver this monetary fairness. No individual anywhere on Earth will be beyond the reach of the NESARA wealth redistribution programs. And no individual or organisation anywhere on Earth will be able to stop it.**

**NESARA will cancel all credit card, mortgage and other bank debt due to illegal banking and government corruption worldwide. Income tax will be abolished. A new 14% to perhaps 18% flat rate tax on non-essential new items will provide the revenue stream for national governments. There will be increased benefits for senior citizens. In the USA, there will be a return to Constitutional Law at every level of the legal system.**

**When the NESARA announcements are made, the US President and Vice President and all the officials in their administration will be removed from office with immediate effect. So will all members of the US Congress and their Khazar Zionist bosses.**

**They will be replaced with constitutionally acceptable NESARA President and Vice President Designates, possibly including people such as Joseph Francis Dunford, Ron Paul, Dennis Kucinich, Timothy J. Holton, Paul Craig Roberts, or a retired Pentagon White Hat such as Michael T. Flynn or Carter F. Ham. Donald Trump may be allowed a temporary rôle in publicly exposing the machinations of the Bush syndicate and the Clinton Foundation, and in releasing details about the Satanist disinformation nexus connecting the US mainstream media and PsyOps cells within the US intelligence services.**

**There will be new Presidential and Congressional elections within 120 days of NESARA's announcement. These elections will be carefully monitored to prevent vote theft, hacking and other illegal election activities by special interest groups or covert syndicates.**

**A new USA Treasury rainbow currency will come into being, backed by gold, silver, and platinum precious metals. A new USA Treasury Bank System will be initiated in alignment with Constitutional Law. The Federal Reserve Board System will be abolished. Personal financial privacy will be restored. All judges and attorneys will be retrained in Constitutional Law. All aggressive USA government military actions worldwide will cease and global peace will be established. Every American citizen over the age of 21 will receive \$100,000 a month for 11 years, but the Farmers' claims will be paid first. Here, the settlements**

**will include debt forgiveness of \$300,000 (including mortgages, credit cards and loans) for each farming family. Similar reforms will take place in every country in the world. More about the Quantum Healing Computer Technology can be found here.**

**By the first half of 2016, it was apparent that the precise term "NESARA" might not be used, initially at least, to publicly describe the global package of prosperity, humanitarian, infrastructure and currency refinancing which had become necessary. With over a decade and a half having passed since the year 2000, and with the corrupt deterioration of most aspects of life in the Western world having reached such visible degradation, the "NESARA" aspects of the necessary reforms would need to be folded into (i.e.added to) a number of other financial and organisational rescue initiatives, in which Asia and the BRICS (Great Britain - Russia - India - China - South Africa Brazil) would take the lead. (Known as the Bricks, BRICS nations.**

.....

**NESARA-influenced behind-the-scene events began to gather pace in the closing days of October 2008. The world focus on political and financial corruption moved from the USA to Europe. Eight senior management personnel were arrested at Deutsche Bank (Germany). A cell of linked conspirators was arrested at the same time in London.**

**On the afternoon of Wednesday 29th October 2008, President George Bush Jr. and his key White House staff were informed that the former British Prime Minister, Tony Blair, had changed sides in the global criminal nexus. Blair had divulged everything to the international investigating authorities. He had been confronted with unequivocal evidence of his own corrupt involvement in geopolitical affairs and had decided to come clean in an attempt to avoid personal arrest and life imprisonment.**

**In particular, Blair gave the authorities details of covert international money-laundering accounts, including those at Deutsche Bank and the Vatican Bank, and in other banking hideaways in Switzerland, Hungary, Abu Dhabi, the British Virgin Islands and Malaysia. He made plain the**

**criminal and treasonous roles played in the manipulation of these accounts by the Pope, the Bush White House, the Bush family, the Clinton's, Angela Merkel, Alan Greenspan and many others.**

**With Chinese and European support, the President of the European Union, Nicolas Sarkozy of France, threatened the German Chancellor, Angela Merkel, with arrest if she did not cease and desist in her criminal interventions in business security procedures at Deutsche Bank.**

**Merkel had authorized upwards of twenty separate illegal wire transfers out of Deutsche Bank into concealed bank accounts controlled by the Vatican in Rome. One of these accounts is called the Francis X Driscoll Trust. The funds involved were covertly stolen from US and French Treasury accounts.**

**Merkel-orchestrated illegal wire transfers out of Deutsche Bank made a visible impression on the company's Q3 figures published on Thursday 30th October 2008. Deutsche Bank's Tier 1 capital ratio of its own funds to total assets rose to 10.3% from 9.3%. Much of this change was due to the large capital outflows of other people's stolen money from Deutsche Bank to the Vatican-controlled accounts at other banks in Italy and elsewhere. It was a carefully-timed massaging of the Q3 results.**

**So was Deutsche Bank's adaptation of the value of certain toxic assets in accordance with a shift to International Accounting Standards decided by European Union authorities in mid-October. Rules easing requirements for marking down investments were used to reduce Deutsche Bank's write-downs for the quarter by €845 million to €1.2 billion. Without this creative accounting, the bank would have posted a third-quarter loss. Roman Catholic wire transfers out and the accountancy massage meant that Hedge Fund managers were surprised at Deutsche Bank's Q3 numbers and at the resultant ups-pike of its share price on major stock markets. Previous to the 30th October 2008, analysts worldwide had predicted a substantial Q3 loss at Deutsche Bank, and their clients had taken future positions accordingly.**

**Deutsche Bank serves as the money-laundering arm of the secret German Black-Ops and intelligence organization called the Deutsche Verteidigungs Dienst (DVD) based at Dachau. Through Deutsche Bank, the (DVD) finances mind-control programs used to subvert and control British interests within the UK police, banking sector, industry and government. This subversion program is called 'Common Purpose' and is run from the Office of the Deputy Prime Minister in the Cabinet Office, Whitehall, London.**

**The Vatican has been centrally involved in many of the behind-the-scenes machinations involved in the 2007-2008 global financial collapse, and in the blocking of the NESARA-related international prosperity settlements. In April 2008, Joseph Ratzinger (Pope Benedict XVI) failed in an attempt to lay claim to a large tranche of the NESARA prosperity funds. He was**

**reported as saying to close colleagues: "The little people cannot handle this money properly, but the Church can."**

**Ratzinger's audacious money grab had to be sorted out at the World Court in The Hague and was responsible for more serious delays in implementing the global refinancing settlements.**

**In the end, Rome was forced to climb down and The Holy Father reluctantly agreed to a \$2.0 trillion settlement. This sum was paid from US citizens' tax receipts. President George Bush Jr. signed the papers.**

**Speaking to one group in Washington on Thursday 17th April 2008, the Pope said: *"If the peasants think they are going to get this money, they have another think coming. It will never happen."* He was not talking about the \$2.0 trillion; he was referring to the global prosperity funds in general.**

**Nicolas Sarkozy is being energized in his European anti-corruption work by painful recollections of his close escape from assassination on Tuesday 24th June 2008. At an airport in Tel Aviv, Israel, a US-Israeli Black-Ops team bungled his murder. The hastily contrived cover story involved a fiction about an Israeli border policeman committing suicide during the farewell ceremony. French intelligence later explained to Sarkozy the connection between his knowledge of what was going on at Deutsche Bank and the attempted assassination. A 51-second video clip of a television news item relating to the botched assassination attempt can be accessed o**

**n line. Notice the expressions on the faces of the Israeli bodyguards around Ehud Olmert's car. You think there may have been prior knowledge?**

**At the end of October 2008, Sarkozy acting in the interests of the wider European Union, threatened Chancellor Merkel (Germany) with arrest under European anti-terror legislation. Equipped with President George Bush Jr.'s signature on a key document, the European President forced the pace on a high-status European criminal roundup.**

**In addition to the illegal wire transfers, Angela Merkel was shielding Deutsche Bank from international criminal investigators and from Basel II banking supervision procedures; concealed at Deutsche Bank were American derivatives-related papers which incriminated major political figures and financial establishments in the US. Angela Merkel had also been receiving bribes arranged by President George Bush Sr. for four years. Her job was to guard his personal European financial crime proceeds held in hidden accounts at Deutsche Bank. Nicolas Sarkozy knew this. The Bush accounts at Deutsche Bank could not furnish legitimate source of funds documentation of the kind required by the Basel II international banking reforms.**

**European Union member governments told Nicolas Sarkozy to 'fix it, or we'll depose of you.'**

**Mass arrests of high-end banksters in Europe, the US and the rest of the world proceeded.**

**NESARA-linked international refinancing settlements were being blocked by a treasonously corrupt Bank of England, in London.**

**British Prime Minister Gordon Brown was told: 'You will be removed if you don't deliver.'**

**Gordon Brown knew inside details of José Manuel Durão Barroso's personal involvement in the abduction of five-year-old Madeleine McCann; Brown has the McCann parents' private number on his mobile.**

**Gordon Brown and Tony Blair were named as covert intelligence agents.**

**British intelligence's John Scarlet, Head of MI6 and GO-2, was said to be controlled by German intelligence.**

**It emerged that the new British Government minister, Peter Mandelson (Secretary of State for Business), may have had inside European knowledge of the Barroso / Madeleine McCann abduction; Mandelson's association with creditor-stressed Russian oligarch, Oleg Deripaska (Rusal, Norilsk Nickel, Basic Element etc), represented a prima facie conflict of interest with respect to his recently resigned rôle as the European Trade Commissioner in Brussels. British intelligence holds an active database on Mandelson which is shared by MI5, MI6 and GCHQ (Cheltenham).**

**Deripaska, a Russian intelligence asset, has had recent working contacts with Izmailovo, Russia's leading mafia organisation. British MI6 intelligence files indicate that Izmailovo specializes in money-laundering schemes run through controlled banks in Hungary, Bulgaria and the Cayman Islands.**

**It is thought that Izmailovo was also involved in the assassination of two prominent Jesuit priests in Russia. On Tuesday 28th October 2008, the mutilated bodies of Otto Messmer (47) and Victor Betancourt-Ruiz (42) were found in an apartment in Petrovka Street, Moscow, close to the Kremlin and the Bolshoi Theater. Messmer was the leader of the Jesuit order in Russia, and Betancourt-Ruiz (from Ecuador) worked closely with him. Both had underworld contacts and were thought to be engaged in a turf war of some kind with criminal elements within the Russian Orthodox Church, or their proxies. Various cover stories were rehearsed by the Roman Catholic authorities. One involved a drunk Hispanic vagrant. Another had to do with an attempted theft of church property which went wrong.**

**On Sunday 26th and Monday 27th October 2008, telephone calls from President George Bush Jr. and his aides at the White House to President Nicolas Sarkozy of France were repeatedly refused by the Elysée in Paris. This top-level Western diplomatic stand-off was an action unprecedented between allies in peace time. In the background was the American refusal to release a NESARA-related loan sum of \$14 trillion held in BIS (Bank of International Settlements) lock-down by major US financial**

**custodians. This loan of \$14 trillion has a source of funds documentation relating to the Crown Temple in London, and to powerful financial parties in Saudi Arabia and China.**

**Historic international developments flushed out by the escalating financial crisis were being deliberately unreported by the confused Western mainstream media, or were being suppressed by government agencies.**

.....

**Overnight, on Monday / Tuesday 25th / 26th August 2008, the four thousand NESARA-related international prosperity fund trigger packages were returned to the vaults of the US Supreme Court in Washington DC. They had been in the possession of Interpol since they were confiscated from John Glover Roberts, the Chief Justice of the US Supreme Court, under an international Command Order actioned on the 18th August 2008. This procedure involved The World Court, at The Hague, the Bank for International Settlements, in Basel, Switzerland, and the law enforcement authorities of several sovereign nations. Roberts had threatened to burn the packages. Interpol(sometimes styled INTERPOL) is the International Criminal Police Organization. The prosperity fund trigger packages were returned, illegally, to the US Supreme Court on the orders of Interpol Secretary General Ronald Noble. He was taking unauthorized instructions from President George Bush Sr. and had been bribed to do so. Noble had been a Bush White House nomination for the post of Interpol Secretary General in 2000. Previously he had been a US Treasury official responsible for law enforcement under Lloyd Bentsen and Robert Rubin during the first Bill Clinton presidency.**

**When Ronald Noble's illegal activities came to light, a note was sent to each of the 186 member nations of Interpol. There was widespread fury at this news, and many nations demanded a radical restructuring of the organisation. Ronald Noble and twelve of his co-conspirators at Interpol were arrested.**

**There was a hasty attempt by elements at the International Criminal Court (World Court) and Interpol to assemble a public relations smokescreen following the Washington package theft débâcle. On Wednesday 3rd September 2008, the Interpol website published a news item headed: "International Criminal Court Prosecutor's visit to INTERPOL underlines collaboration between both organizations." The short text read: "Prosecutor Luis Moreno-Ocampo of the International Criminal Court (ICC) today met with INTERPOL Secretary General Ronald K. Noble to identify law enforcement tools to enhance co-operation between both organizations, while fully respecting their respective mandates and areas of competence.**

**In the international law enforcement and intelligence community in recent years, the view has developed that Interpol has become the first-choice career for white-collar corrupt police personnel worldwide. The de facto reality is that Interpol exists to provide information-destruction services and logistical blind-eye support for The Mob, organised crime,**

**and international gangsters across all continents.**

**Interpol specializes in the covert support of financial crime, contract murders, drugs running and the sex-trade. As Catherine Austin Fitts has pointed out: "The supremacy of the central banking-warfare investment model that has ruled our planet for the last 500 years depends on being able to combine the high margin profits of organized crime with the low cost of capital and liquidity that comes with governmental authority and popular faith in the rule of law. All that is asked by senior Interpol figures is a reliable series of large, repeated, non-attributable bribes from politicians and major criminals upon whom they have police information.**

**For example, on the 12th January 2008, the South African police prima donna, Jackie Selebi, was forced to resign as Interpol President. He had been discovered accepting bribes worth 1.2 million rand (£80,000) and acting in a manner which deliberately defeated the course of justice. Previous to becoming Interpol President in 2004, Selebi had been National Commissioner of the South African Police Service and South Africa's representative at the United Nations.**

**The Roman Catholic Church is renewing its executive interest in the international criminal police organization. An application for membership of Interpol has been submitted by the Vatican City State (Interpol document number: AGN-2008-RAP-02). This application will be debated at the 77th Interpol General Assembly to be held in St Petersburg, Russia, from Tuesday 7th to Friday 10th October 2008.**

.....

**On the evening of Monday 18th August 2008, senior personnel from The Bank for International Settlements (BIS), accompanied by armed guards, arrived in Washington DC. They were there to deal with the US Treasury Secretary, Henry Paulson, who had threatened certain key Treasury personnel with arrest for Treason, under The Patriot Act, if they continued with their lawful intention to release the NESARA-related international prosperity fund trigger packs.**

**Henry Paulson was shot by an assassin on Friday 28th December 2007, and died in hospital on Wednesday 2nd January 2008. This followed an argument with the Chinese authorities, from whom Paulson had stolen a sum of \$4.5 trillion conveyed through The People's Bank of China in May 2006. Since January 2008, the Bush White House has contrived to pretend that the US Treasury Secretary, Henry Paulson, is still alive. A combination of library video footage, computer-generated imagery, holographic projection techniques, Paulson clones, and an articulate financial lookalike called Edward Lazear have been used to sustain the fiction that Henry Paulson is a continuing member of the US government. At the US Treasury, 'Paulson' is now known as 'The Double'.**

**It should be noted that Senator Barack Obama (Democrat - Illinois) and Senator John McCain (Republican - Arizona) are both clones. Each**

**has given binding private assurances to his controllers that he will never allow the NESARA reforms to be implemented or the related global prosperity funds to be released. More about the history of the Khazarian corporate controllers behind American politics.**

**The Bank for International Settlements, the world's oldest international financial organisation, is based in Basel, Switzerland. At present, the BIS is fighting US government financial corruption on three main fronts. First, as mentioned above, the BIS is engaged in incremental efforts to overcome Bush White House wrecking tactics with regard to the release of the NESARA-related global prosperity funds.**

**Second, the Bank for International Settlements is insisting that the US complies in every detail with the Basel II international banking reforms. The Bush White House is encouraging major US banks to resist these reforms in order to crash the American economy and bring down world stock markets. This planned chaos would then be followed by the imposition of martial law in the USA. Thus the NESARA reforms and fund releases would be delayed again, in rather the same manner that they were decisively delayed in 2001, following the Bush-sponsored controlled demolition of the Twin Towers in New York on the 11th September of that year. Two very important computer hubs in the World Trade Centre were destroyed on 9/11, just hours before downloading massive volumes of secure NESARA data to scores of financial institutions worldwide.**

**Third, the Bank for International Settlements, with full support from other international agencies, including the World Court in The Hague, is demanding that, by the 30th September 2008, the Bush White House must pay back trillions of dollars the US owes the rest of the world. This money was stolen during the Ronald Reagan presidency by George Bush Sr. to finance the collapse of the Soviet Union. This money must now be returned to its rightful owners, the BIS has said. The monies owed relate to The Wanta Plan / Reagan-Mitterrand Protocols funds.**

**On Friday 22nd August 2008, Lee Wanta wrote a letter to President George Bush Jr., offering to purchase Freddie Mac and Fannie Mae upon receipt of the \$4.5 trillion owing to him. This letter, which carried an Acceptance Validity of 24 hours, was copied to the United Nations and to many other concerned recipients. The full text of Lee Wanta's letter was as follows:**

**"Special Attention of: The Honorable George W Bush Jr.  
Contingent on my Economic Receipt of US Dollars 4.5 trillion, I,  
Ambassador Lee E Wanta (beneficiary) offer the following proposal for  
your timely acceptance and facilitation involving the total purchase of  
Freddie Mac and Fannie Mae:**

- 1. Complete purchase of both corporation's common stock, at a cap price,**
- 2. Complete purchase of both corporation's preferred stock, at a cap price,**
- 3. Complete purchase of debt obligations of both corporations, above the subordinated debt level; but below the senior secured to the extent permitted under the corporation's debt instruments.**
- 4. Pay upon my immediate Economic Receipt and US Dollar collection / personal custodial control, the US Department of the Treasury civil / personal / repatriation income tax of US Dollars 1.575 trillion.**
- 5. Increase the original US Dollars One Trillion cash purchase of US Treasury Notes, and add an additional US Dollars 1.6 trillion, both at Par Value, pursuant to my original London Treaty at 85% cost [eighty five percent].**

**I am very ready, how about you, to fully protect our Great Nation forthwith.**

**On Monday 11th August 2008, John Glover Roberts, the seventeenth Chief Justice of the US Supreme Court, was caught by US security agents trying to gain unlawful access to the global prosperity funds due to be released in connection with the NESARA process.**

**Source here (11.08.08). Roberts attempted to do this using out-of-date wire transfer codes obtained from the sacked Chinese and Japanese ambassadors (Zhou Wenzhong and Ichiro Fujisaki). These ambassadors to the US had been relieved of their duties during the week beginning 21st July 2008. They were arrested in Washington by security personnel specially flown in from their own countries.**

**Having failed to access the global prosperity funds from his offices in the US Supreme Court, Roberts then went over to the US Treasury and, later on Monday 11th August 2008, moved a sum of \$3 trillion into a bank account in Dubai bearing his personal name. On the same day, Roberts supervised the transfers of other large sums of US money from the US Treasury to Dubai. These totaled in excess of \$10 trillion and were credited to accounts held in the names of Dick Cheney, Bill Clinton, Hillary Clinton, John McCain and various senior US Treasury officials.**

**On Tuesday 12th August, Wednesday 13th August and Thursday 14th August 2008, John Glover Roberts again illegally blocked the delivery of four thousand international prosperity fund trigger packages. The previous week, Roberts had been instructed by international law enforcement authorities to release the packages from the vaults of the Supreme Court by noon on Friday 8th August 2008 at the latest.**

**On Thursday 14th August 2008, John Roberts, realizing that military and international law enforcement authorities were moving against him irresistibly, attempted to assemble a plea-bargain in order to obtain immunity from prosecution. He provided the investigators with detailed**

**incriminating papers and electronic files which implicated George Bush Jr, Bill Clinton, Dick Cheney, several Senators and Congressmen and various senior personnel at the US Justice Department and the US Supreme Court. John Roberts was thanked for his information, but was denied legal immunity. Roberts then threatened to burn all the prosperity packages in every program and thus prevent Brink's from delivering them. On the afternoon of Monday 18th August 2008, the military and international law enforcement authorities, learning of Roberts' incendiary threats, removed the four thousand prosperity fund trigger packages from the vaults of the US Supreme Court.**

**In the week preceding the Beijing Olympics in August 2008, President George Bush Jr. illegally accessed some of the NESARA-related prosperity funds and stole a sum of \$3 trillion from 40,000 individual accounts. He paid this money into a single new joint account in Dubai bearing his name and the name of the Dubai government. He then promised Dubai that a further \$4 trillion would soon arrive in that account from similar sources. Dubai looked at their screens, saw the \$3 trillion registered, and on that basis lent Bush a sum of \$7.1 trillion. This money was handed over to China when Bush arrived in Beijing on Thursday 7th August 2008. Basel II Inslaw / PROMIS software detected the illegal \$3 trillion wire transfer, and the international banking authorities repatriated the monies from Dubai into the original 40,000 accounts. Bush thus tricked Dubai into paying China \$7.1 trillion to settle a US debt.**

**In related actions, when Bush left for the Olympics on board Air Force One from Andrews Air Force Base in Maryland, he stopped off at the Elmendorf Air Force Base in Anchorage, Alaska. While there, he attempted three times to change into unmarked planes and fly to Dubai. Security and law enforcement agencies prevented this, and he was compelled to continue his scheduled flight to Beijing aboard Air Force One.**

**On Friday 8th August 2008, covert military agents acting for the Bush White House and for Zionist / Neocon interests fomented a long-prepared-for conflict in Georgia (Caucasia, Eastern Europe) which drew in the Russian army and resulted in a major local war. The purpose of this agitprop was international news diversion at a time when NESARA processes behind the scenes were becoming very tense.**

**American and Israeli military advisors, US soldiers and marines, and a mercenary army from Georgia, Azerbaijan, Armenia, and Ukraine conducted a joint training exercise called 'Immediate Response 2008' at the Vaziani Military Base, Georgia, from Tuesday 15th July 2008 to Friday 8th August 2008 when the fighting broke out.**

**The patsy in this US-manufactured conflict was the controversial Georgian President, 41 year-old Mikheil Saakashvili. Saakashvili, an Illuminati minion with close ties to the Israeli military and intelligence establishment, was brought to power in 2003-4 in a US-engineered coup**

**run on the ground by US-funded NGOs.**

**At the exact moment when the world's major political leaders were gathering in China for the Olympic Games, Saakashvili and the Western mainstream media, including the BBC, obediently presented the Georgian conflict as bullying Russian aggression. There were energetic exchanges in Beijing between Russian Prime Minister Vladimir Putin and US President George Bush Jr. on the issue, with Putin reportedly shouting at Bush several times during the Olympic opening ceremony. Pictures of the shouting match were suppressed.**

**Deeply embedded in the US / Russian Georgian conflict of August 2008 were issues of elite corruption. An important oil pipeline runs through Georgia from Baku in Azerbaijan to Ceyhan in Turkey. This pipeline generates substantial transit royalties.**

**When the original pipeline deal was set up during the US Presidency of Bill Clinton, a scam was incorporated into the paperwork whereby a major tranche of these transit royalties would be paid, in perpetuity, into the personal accounts of the Clinton / Bush cabal. The Georgian President, Mikheil Saakashvili, was the cabal's rent-collector in this illegal venture, and also a personal beneficiary. This is why Misha is so pro-Western: he is bought, bribed and controlled by US / Israeli corporate interests.**

**By August 2008, the Clinton / Bush cabal was running seriously short of ready cash. Their hidden funds in the US, Europe, Grand Cayman, Paraguay, Dubai etc had been traced, confiscated and added to the NESARA prosperity accounts, along with much larger Illuminati confiscations worldwide. Suddenly the Baku-Tbilisi-Ceyhan pipeline income assumed a survival significance.**

**Their fear was that Russia would gain control of the pipeline and trash their illegal revenue flow. With the Illuminati on the run, pre-NESARA, and with all major Illuminati agents and placemen comprehensively excluded from Russia, China and India, Georgia was the cabal's last hope for secure oil leverage in Asia.**

**The Clinton / Bush clique was right to be worried. The Russian Prime Minister, Vladimir Putin, had demanded that his overdue payment of \$87 billion, specified under the Reagan-Mitterrand Protocols, must be paid and accessible in the bank by Monday 18th August 2008, or he and the Glavnoje Razvedyvatel'noje Upravlenije would quietly remove management and control of the Baku-Tbilisi-Ceyhan pipeline from Georgia and the US.**

**On Tuesday 19th August 2008, an undisclosed third country offered to pay Vladimir Putin his \$87 billion in order to get the US off the hook and**

**reduce international tension. Putin refused this offer point-blank, saying that he would only accept the money from President George Bush Jr. personally.**

**On Thursday 26th June 2008, US ex-President Bill Clinton was in London to meet British Prime Minister Gordon Brown at Number 10 Downing Street. Clinton and Brown were working together to frustrate the NESARA international financial settlement procedures. Bill Clinton was also at the rough end of a criminal investigation in the UK.**

**On Monday 2nd June 2008, three hundred armed British police seized seven thousand private vaults and lock boxes at three London locations in Mayfair, Hampstead and Edgware. Each one of these vaults and lockups was identified as an individual crime scene. Several of them were understood to contain evidence directly linking Clinton with drug trafficking, money-laundering and underworld contract murders. Bill Clinton was unable to leave the UK without signing legal papers, and had been told that he would be arrested if he tried to escape.**

**Also on Thursday 26th June 2008, in America, the Crown Prince of Abu Dhabi, Sheik Mohammed bin Zayed Al Nahyan, who is also the President of the United Arab Emirates, demanded a meeting with President George Bush Jr. He had urgent matters to raise with the President concerning the USA's continuing blocking of the NESARA process, and about the consequences of the American-sponsored sabotage of internet links to the Arab Middle East.**

**In January 2008, a decision had been taken by the US and Israel to destroy Arab internet access. At the end of January and the beginning of February 2008, US-Israeli BlackOps units moved in and cut eight or more major undersea internet cables in the region, crashing global internet access for the Middle East's banking centres in Egypt, Saudi Arabia, Turkey, Iran, Kuwait, Abu Dhabi, Dubai and the other five UAE emirates. Israel was unaffected by the sabotage. This deliberate severing of cables immediately denied Gulf Cooperation Council members access to the Society for Worldwide Inter-bank Financial Telecommunication (SWIFT) hub in Brussels. This network carries thirteen million encrypted data instructions a day relating to international transfers of money between banks.**

**The talks between George Bush Jr. and Mohammed bin Zayed Al Nahyan took place at Camp David. They followed earlier ones between the two leaders in Sowaihan, UAE, on Sunday 13th January 2008. It was after this meeting that the Bush White House decided to cut the Arab internet cables. Camp David, in Maryland, is a major covert human cloning centre. Three or four clones of President George Bush Jr. are kept in operation at any one time, and the ones not on duty are stored and renovated in sleeper cells at the Camp David clone labs. The original George Bush Jr. was quietly murdered in January 2003 on the instructions of President George Bush Sr. and Dick Cheney. He had become inconvenient, unmanageable and was an alcohol and cocaine**

**addict.**

**The June 2008 talks at Camp David between George Bush Jr. and Mohammed bin Zayed Al Nahyan also covered oil and stock market volatility. The Sheik was furious with Bush about the Enron Loophole and the profiteering manner in which American commodities traders associated with the Bush family energy interests had been driving up the international oil price at a time when there was no shortage of oil in the supply lines. And he was angry about the capital destruction of the American financial sector which was taking place because of White House opposition to the NESARA and Basel II and III banking reforms.**

**The Sheik himself and many of his political and business associates in the UAE, and their sovereign wealth funds, had taken enormous financial hits as American bank share prices collapsed in 2007-8.**

**Citigroup was a case in point. In the space of less than one calendar year, Citigroup's market capitalization had fallen from \$276 billion to \$88 billion. And over the same period of time, the dollar itself had declined by 17%. Mohammed bin Zayed Al Nahyan and his friends had taken dollar positions in Citibank and many other US financial institutions at the express invitation of the Americans, and they had lost their shirts.**

**It was no mistake that the Sheiks visit to Camp David came when it did.**

**A week before, on the morning of Thursday 19th June 2008, the Directors of Citibank were prevented from entering their offices in New York in connection with a NESARA related legal intervention involving the Crown Temple in London. This development sent waves of unease around Citibank's Arab shareholders in UAE. There was a real possibility that Citibank would lose a \$6.2 trillion Crown Temple loan which was held in a suspense account at its New York branch (at 399 Park Avenue) and, further, that Citibank and its assets worldwide would be seized in perpetuity by the international financial authorities.**

**On Monday 16th June 2008, the British Prime Minister Gordon Brown unexpectedly flew to Northern Ireland to have an unscheduled last-minute NESARA-related meeting with American President George Bush Jr. This was thought to be strange. Brown had bid a formal farewell to Bush a few hours earlier that morning in London. The meeting took place at Belfast airport. CIA / NSC operative Stephen Hadley was present. Brown had gone to Ulster to open illegal covert personal bank accounts for himself and George Bush. Following a tip-off from investigative financial journalist Christopher Story and others, Pacific Rim financial security units and British MI6 traced these accounts using Inslaw / PROMIS software. This search-and-find money movement engine is capable of tracking financial provenances back for one hundred transactions and can accurately establish Source of Funds coordinates. Brown and Bush found their cover blown and their new accounts frozen by the international Basel II banking authorities.**

**On Friday and Saturday the 9th and 10th November 2007 in Crawford, Texas, the German Chancellor, Angela Merkel, held talks with USA**

**President George Bush Jr. and USA President George Bush Sr. The cover story was that the discussions focused on Iran and bilateral German-American relations. In fact, the high-energy topic of moment was the unraveling Citibank scandal and Germany's entanglement in the banking fallout from that affair.**

**A stolen sum totalling \$4.5 trillion (four and a half trillion American dollars) had been laundered through Citibank and Morgan Stanley accounts in New York. The USA Treasury Secretary, Henry Paulson, was centrally involved in the administration of the theft. Already the USA Provost Marshall had instructed the arrest of three thousand bankers and others. Some of these were German and were well-known to Merkel and Bush senior.**

**The diversion of the \$4.5 trillion had become tangled up with banking release procedures to do with the much larger NESARA global prosperity program shortly to be announced. The \$4.5 trillion is referred to in G8 Nation memos as 'The Wanta Plan' funds. For both Bushes and Merkel, personal and political survival was the issue. At that point, the corporate-controlled mainstream media had not run the story, but the essence of the scandal was all over the internet and beyond control.**

**A month earlier, on Sunday 7th October 2007, Gordon Brown, the British Prime Minister and First Lord of the Treasury, had publicly scrapped plans for a November 2007 General Election in the UK. His cover story was that he had a public duty to consider demands for him to go to the country early, but had decided it was better to give voters time to see his long-term vision in action. Critics said that Brown had left himself exposed to claims of weakness and indecision. The Prime Minister insisted that he had not been scared off by new opinion polls giving the Conservative opposition party enough of a lead to wipe out his House of Commons majority. The general consensus among informed commentators was that Brown could easily have won a November 2007 election, despite the transient post-conference opinion poll blip. The decision to bottle out was therefore most unusual for this shrewd political operator.**

**But there was a compelling nexus of covert reasons for Gordon Brown's decision, which he was unable to acknowledge openly. As a dotting private pupil of the American economist Alan Greenspan, and a confidante of his for over a decade, the British Prime Minister knew well what is rumbling away volcanically beneath the surface of world affairs.**

**The NESARA announcements are imminent, the world is on the cusp of a financial meltdown greater in scope than that experienced during the 1929 Wall Street Crash, the Bush administration is about to be turned out of office before the end of its four-year term, and Queen Elizabeth II of England has been involved in behind-the-scenes financial manoeuvres with her personal gold, and with issues to do with the late Diana Spencer (Princess of Wales) which, when fully disclosed and investigated, could spell the end of the Monarchy in the UK. Gordon Brown was alert to the fact that these four eventualities could all erupt**

**very suddenly and at the same time. He did not want the resulting geopolitical scandals to disrupt his British General Election campaign.**

**When the USA Treasury Secretary, Henry Paulson, met in London with the British Chancellor of the Exchequer, Alistair Darling, on Monday 17th September 2007, it was during the Northern Rock bank run in Europe. The public pronouncements of both politicians around that meeting addressed this issue. But privately, the urgent matter under discussion was the imminent and unavoidable NESARA announcements. And back in July 2007, as the British Prime Minister, Gordon Brown, completed talks with President Bush at Camp David (Maryland, USA), British military withdrawal from Iraq was not the most sensitive topic. It was the prospect of the NESARA announcements which was more difficult for both men. And NESARA was the late night visitor again at the APEC meeting in Sydney at the beginning of September 2007.**

**Who was in Sydney? Australia, Brunei, Canada, Chile, China, Hong Kong, Indonesia, Japan, Malaysia, Mexico, New Zealand, Papua New Guinea, Peru, Philippines, Russia, Singapore, South Korea, Taiwan ("Taipei"), Thailand, USA and Vietnam. These 21 economies account for more than a third of the world's population, about 60 percent of global GDP and 47 percent of world trade volume.**

**At the Asia-Pacific Economic Cooperation forum, there were two agendas for the twenty one leaders: the public agenda and the private agenda.**

**The public agenda was about climate change, the Doha Round and media-filtered right-on we're doing a good job against the terrorists regional issues. The private agenda did not exist. Don't you worry your pretty little head about the private agenda. The private agenda was NESARA, and China versus America for ownership of the planet.**

**NESARA is the covert National Economic Security and Reformation Act (notice: S for Security; not S for Stability [S for Stability is a Bait and Switch mirror fraud; so is GESARA. Following initiatives taken by the USA's Supreme Court in the 1990s, NESARA was passed into law by Congress in March 2000. It was one of the last official documents which ex-President Bill Clinton signed before leaving office. He added his signature on the 10th October 2000. Just before George W. Bush took office on the 20th January 2001, he had agreed to step down after a six month period as President to allow for the implementation of the NESARA program, and had signed papers to that effect. But upon completing his Oath of Office, George Bush immediately reneged on the agreement and instructed the FBI and CIA to construct a scheme to stop NESARA. They did this. 911 was part of that scheme. The Iraq war was another. The NESARA statute has been kept under wraps since 2000, but has been periodically updated since. Recent actions by the USA administration have energized the move for its disclosure.**

**NESARA restores Constitutional Law in America at the moment it is announced. Corrupt USA administration officials are immediately removed. Peace is announced in Iraq and Afghanistan and the military are withdrawn. All credit card and mortgage debt is cancelled as a remedy for USA banking fraud. Similar moves are implemented in more**

**than 100 other countries worldwide.**

**Following the NESARA announcements, The Federal Reserve Board will be abolished. A new US Treasury Bank System will click into place, and a new American gold-backed currency, possibly called a USN,**

**(US Treasury Note) will be introduced. The USA dollar will be abolished. It is also likely that the missing Thirteenth Amendment of the original Constitution of the United States of America will be reinstated.**

**In October and November 2007, new ATM machines were installed all over the USA. ATMs are Automated Teller Machines (hole-in-the-wall cash dispensers). The new ATMs have replaced the older machines to accommodate the new global banking system which is being rolled out as part of the NESARA world prosperity programs. Bank of America will shortly become the new Treasury Bank of the United States and will replace the Federal Reserve Board. The offices and buildings of the**

**Federal Reserve Board will become branches of The USA Treasury. Most non-senior FRB personnel who do not oppose the changes will be absorbed into the new systems. Bank of America now has the clearance and the capacity to operate the new high-security grey screen money-wiring system.**

**Gold is going to be important. There is much more gold in store in covert vaults than is officially stated. And there is also a lot more gold available beyond these covert vaults than even the darkside moneymen of the Illuminati know. Large deposits of gems and precious metals - not just Silver, Gold, Palladium and Platinum, but some others as yet unknown to modern science - have been accumulated and securely stored since the fourteenth century. Most of the Inca, Aztec and Mayan gold of antiquity is extant and secure. And there is much gold in store from earlier civilizations not known to orthodox human history. The Gobi, Tibet, Persia and North Africa, among others, have networks of subterranean vaults packed with treasures of this kind. These deposits are spiritually protected by The Higher Evolution. The Higher Evolution also has privileged information about the location of substantial undiscovered gold seams in hundreds of terrestrial locations beyond the reach or knowledge of the mining industry. They also have the technology to extract this gold without environmental damage.**

**In addition, there are benign extraterrestrial sources of gold ready and waiting to be brought on stream post-NESARA. Some of these are said to be very large indeed, particularly those of Venusian origin.**

**At least two members of the G8 nations are in difficulties here. They have not got the deliverable gold they need to survive the coming changes. Much of the gold held at the American Fort Knox Bullion Depository in Kentucky is not gold at all; it consists of facsimile lead bars painted a gold color for presentation purposes. This is becoming noticeable as the gold paint fades. Where the original gold went, and who took it, is shortly to be made public by a former insider. Much of the USA's gold reserves**

are listed as being Mint-Held Gold in Deep Storage. Dealers have always assumed that this means finished gold bars stored in deep underground vaults beneath places such as Fort Knox, Denver and West Point. The indications are emerging, however, that the term "Deep Storage Gold" is a euphemism for "yet to be mined gold". It doesn't exist in deliverable form; it is merely a paperwork forecast about future gold mining potentialities.

In the UK there are problems too. Not all the gold held by the Bank of England is fit for delivery. The gold stored in the BoE vaults began to be accumulated in the early nineteenth century. It takes the form of gold bars, ingots and coins. Current methods of assessing quality have indicated flaws in the purity. Many of the gold bars contain cracks and fissures. The coins contain appreciable quantities of base metals. And much of the British gold lacks up-to-date assay certificates. With gold being central to the NESARA reforms, these problems are not inconsiderable.

There are some curious stories told about the various provenances of the gold held in

The Saint Germain World Trust. One involves George Bush Sr. and V.K.Durham. V.K.Durham was the wife of CIA operative Russell Hermann, a close intelligence community colleague of George Bush Sr. in the 1980's. She found an 1875 Peruvian Gold Certificate in an old Bible she had purchased. This certificate had a face value of \$1000 plus accrued interest. It is now worth trillions of dollars. George Bush Sr. learned of the gold certificate / bond through Russell Hermann, who verified its validity, and was determined to steal it.

NESARA is an uncomfortable prospect for President George Bush and Vice President Dick Cheney. Both will be removed from office with immediate effect. They will be replaced with constitutionally acceptable NESARA President and Vice President Designates, thought to be Congressman Dennis Kucinich (Democrat - Ohio) and Congressman Ron Paul (Republican - Texas). Six months after the NESARA announcement is made, new USA Federal elections will be held.

NESARA will happen. All the monies, all the systems, all the prosperity programmes and all the new banks are in position worldwide. But first the dead wood has to be cleared out. Ken Lay, Jeff Skilling, David Duncan, Ari Fleischer, Scott McClellan, Joe Allbaugh, James Guckert, Jeff Gannon, Porter Goss, Richard Perle, John Ashcroft, Paul Bremer, George Tenet, John Snow, Paul Wolfowitz, Andrew Card, Lewis Scooter Libby, Donald Rumsfeld, John Bolton, Harriet Miers, Marion Spike Bowman, Karan Bhatia, Dennis Hastert, Rob Portman, Sara Taylor, Jaydee Crouch, Richard Myers, Robert Joseph, Elizabeth Cheney, Meghan O'Sullivan, David Wurmser, Dan Bartlett, Karl Rove, Alberto Gonzalez, Larry Craig, Tony Snow, John Scott Redd, Richard Griffin, Karen Hughes, Frances Fragos Townsend, Henry Paulson and Howard Krongard have gone already. Others such as Mike McConnell, John Negroponte, Stephen Hadley, Joshua Bolten, David

**Addington, Michael Hayden, Robert Mueller, Rudy Giuliani, Bandar bin Sultan, Carlos Gutierrez, Nicholas Burns, Robert Gates, Sam Bodman, Michael Chertoff, Karen Hughes, Clay Johnson, Philip Zelikow, Buzzy Krongard, Robert Kimmitt, Ralph Eberhardt, Robert Steel, Michael Mukasey, Robert Zoellick, Ben Bernanke, Donald Kohn, Jim Oberwetter, Richard Jones, Rick Perry, George Bush Sr, Henry Kissinger, Nancy Pelosi and the Clinton's will go soon. And then it will be like the last march of the clones: George Bush Jr. and Dick Cheney will follow them down the road, and the west wing lavatories will be cleaned of equivocal DNA for the last time.**

**With regard to the NESARA American banking changes outlined above, an insider Casper Report dated 26.08.07 here suggested that the main public announcement had been scheduled for Tuesday 18th September 2007. This did not happen. Other smaller, preparatory NESARA statements to do with conceptual, legal and constitutional matters were due to emerge in the days before the financial announcement of the 18th September 2007. These statements were not made. It was said that on the 18th September, the Fed was to meet for the last time to say goodbye to Ben Bernanke. Whether or not that happened is not clear. But on the 18th September 2007, the Fed, following the Northern Rock bank run in Europe (details here) took the most unusual decision to cut American interest rates by half a percentage point and thus pump up the American stock market for a few more weeks. The Federal Reserve Board has been a credit system of fiat money. As such, it has always been unfit for purpose. Very soon now, the swindle will end. And the new gold standard system, as required by the American Constitution, will finally come on line. More about the carefully planned removal of The Federal Reserve Board is detailed here and here.**

**On Wednesday 19th September 2007, the new Global gold-backed banking system was established. On the afternoon of Wednesday 19th September 2007, Henry Paulson, the USA Treasury Secretary, held secret behind-closed-doors talks with the USA Congress. The Congress agreed to place the USA Treasury under the new Global system. The new USA Treasury banking system was activated at midnight EDT on Friday 19th October 2007, allowing a three-day weekend to prepare for the change-over. The Chinese and the Japanese had been helpful, behind the scenes, in moving this development forward. In the end, the Rothschild Illuminati banksters in Europe had dropped their opposition. Only the Rockefeller Illuminati banksters in the USA, and Queen Elizabeth II of England in the UK, put up a fight. They are fighting still. At 10.00 am Eastern Daylight Time on Saturday 1st December 2007, the new Basel II Global Banking System was activated. This was a core NESARA preliminary. Under the Basele II system no off-balance sheet financial operations are permitted. Every transaction must take place on-balance sheet. All banks, everywhere in the world, are required to adhere to this new rule, and others, if they are to continue trading.**

**The Bush White House is in turmoil. Barbara Bush, the President's**

**mother has accused George Bush Jr, the President, of destroying the Bush family name. The President himself is drunk much of the time, and important meetings have had to be cancelled or postponed on "medical grounds" because of this. Laura Bush, the President's wife, has had divorce papers prepared and has said that she will only continue to present publicly as George's wife until he leaves office. She has demanded a twenty million dollar honorarium for providing this photo shoot service. Laura Bush did not accompany George to the APEC meeting in Sydney in September 2007. George Bush Jr. and George Bush Sr. are at loggerheads on nearly every substantive issue. One by one the Bush family bank and brokerage accounts are being closed down or blocked, and soon George Bush Jr. will find it difficult to pay his staff down home at Crawford, Texas, where he owns the Prairie Chapel Ranch. And he is beginning to be openly ridiculed.**

**On Thursday 18th Oct 2007, at a televised press conference at the White House, George Bush was attacked by reporters on camera. The reporter for the once-supportive Washington Times said that Bush was now viewed as trivial. The President stammered, glared and then responded that he was not. During this press conference he was angry and spiteful towards the press and threw out hints that if the Russians and Iranians didn't knuckle under, World War III was certainly coming. It was a PR fiasco created by a President who was visibly out of control. George Bush Jr, the 43rd President of the United States of America, is a sick, exhausted and broken man. He wants out before the end of his presidential term, and he is looking for an exit strategy which can be presented as an honorable retirement. So are many of his senior White House conspirators. Karl Rove led the way. The sheep are looking to follow.**

**The Vice President, Dick Cheney, is popping pills like Jimmy Hendrix at the Isle of Wight. He is as close to dead, physically, as a zombie can be. He is being propped-up by medics like a Soviet-era dictator. Dick Cheney has had at least four heart attacks since 1978. He has contractile dysfunction of the left ventricle. He underwent four-vessel coronary artery bypass grafting in 1988, a coronary artery stenting in November 2000, and urgent coronary balloon angioplasty in March 2001. In 2001, a Holter monitor disclosed episodes of asymptomatic ectopy. An implantable cardioverter-defibrillator has been implanted in his chest. In September 2005, Dick Cheney underwent an endo-vascular procedure to repair popliteal artery aneurysms. His atherosclerotic disease is progressing despite aggressive treatment. He experiences cardiac-related breathing difficulties. He could attempt a heart transplant, but he suspects that if he was under anesthetic for that long, he would be quietly assassinated like Ken Lay or Ariel Sharon. In the sleazy world of fin de siècle Washington, the Chinese syringe is more to be feared than the Dallas paintball or the Black friars ligature.**

**One of Dick Cheney's silent clone lookalikes appears occasionally for the**

**cameras to maintain an illusion of normality. Look carefully and notice the plastic smile. George Bush Jr. has a nodding mind-controlled clone lookalike, too. It attends some conferences on his behalf.** Further details about the disintegration of the Bush White House are being compiled.

The primary physical event which triggers the public NESARA announcements is the delivery of upwards of three hundred thousand enabling packages to one hundred new banks and others. These packages are in transit now and have been stolen by George Bush Jr. On his instruction, they are moved around continually between Bank of America vaults, US Treasury vaults and the Supreme Court of the United States. The Rockefeller people at the top of Credit Suisse and Goldman Sachs are colluding in this conspiracy. So are several Justices and senior officials at the US Supreme Court. The American legal system is rotting from the head. The plan is to delay delivery of the packages as long as possible and, in the meantime, to use the money the packages release for stealth trades.

The World Court has lodged ten charges of Treason against George Bush Jr, the 43rd President of the United States of America. These will shortly be served on him by the Adjutant General for the USA accompanied by the Provost Marshall for the USA (Brigadier General Rodney Johnson). More details can be found in a Casper Update of the 21st September 2007 [here](#).

At the end of November 2007, The Bush White House issued instructions to all USA Federal Judges not to assist the NESARA world prosperity program participants in any way. At the same time, Saudi Arabia was said to be telling the Bush White House that they will decouple their oil from the USA dollar on Tuesday 27th November 2007 if the NESARA package deliveries were not made by that date.

Late on Monday 7th January 2008, USA President George Bush Jr. made a final attempt to block the NESARA world prosperity program disbursements. In response, on Tuesday 8th January 2008, the Global Basel II Banking authorities, China and other nations and international bodies, ordered the closing and lock down of all USA banks which had signed onto the new Basel II Global Banking system. Citibank was ordered to pay the \$4.5 trillion Wanta Plan funds to Lee Wanta on Tuesday 8th January 2008 or be permanently closed down at midnight on Tuesday 8th January 2008. Robert Rubin of Citibank attempted to manufacture further delays, but was eventually instructed by President George Bush Jr. to pay the Wanta Plan funds rather than have Citibank destroyed.

Also on Tuesday 8th January 2008, USA President George Bush Jr. was informed that he would not be able to access his personal stolen funds in Israel, Dubai and two other Middle East locations. To engineer access to these accounts was the primary purpose of his projected trip to the region that week. The trillions of dollars of personal stolen funds referred to here were mostly held in Henry Paulson's name in Israel and in Laura Bush's name in Dubai.

More details about the Wanta Plan funds can be found [here](#) and lower down this present page.

On or around Friday 18th January 2007, a prominent Roman Catholic called John Glover Roberts, the seventeenth Chief Justice of the USA, said that the NESARA global prosperity packages would "never be delivered". On George Bush Jr's instruction, Roberts was holding the packages illegally in the vaults of the USA Supreme Court in Washington DC. His stance was thought to be supported by the

Vatican in Rome and by the Crown Temple in London. Ranged against him were Rothschild Europe, Brussels Europe, Putin Russia, most of the major Chinese power factions, India, and more than one hundred other national governments. The International Monetary Fund (IMF) went to law against the USA Supreme Court. The global prosperity packages were released by Roberts and left the Supreme Court on the morning of Sunday 20th January 2008.

The NESARA release process became tangled up with the Citibank / Wanta Plan Fund scandal.

The Higher Evolution are fighting the Bush White House conspirators every step of the way and they are winning. Piece by piece the NESARA jigsaw is being irreversibly assembled. And the Higher Evolution are becoming more explicit about what is going on behind the scenes. Here, for example, is what one of the Sirian principals, called SaLuSa, said on the 14th September 2007: "Often you tire of hearing that events are to happen 'soon' and naturally you want to see action. The difficulty for you is that most of our work is in the nature of defense, and through our allies blocking moves made by the dark. They perpetually try to provoke the people into situations that aid their agenda, and we have to stay a step ahead of their moves. Our help virtually goes unnoticed and it would appear that we are not active, which is far from the truth.

A video of the CURRENT situation will explain where this process is at right now.

It will appear here when it has been completed. Current information is being gathered right now the video is proposed to be ready by July 15 or before. Please check back!!!! Mark this this site and page in your book marks!!
